MEMORANDUM OF OBJECTS AND REASONS

The Bill confers a general power and responsibility for the administration of county revenue laws on the receiver of revenue who is to be held accountable for that administration.

To achieve this purpose, the Bill sets out additional administrative and enforcement provisions relating to revenue legislation.

Article 209 (3) of the constitution provides for the imposition of property rates by the county governments.

The Bill gives effect to that exclusive county taxing power by providing for the imposition and collection of property rates. The Bill relies on the property valuations in place under the national Valuation for Rating Act (Cap. 266).

Article 209(4) of the Constitution together with part 2 of the Forth Schedule of the Constitution gives counties the power to impose fees and charges for services provided and for regulatory purposes in respect of certain licensed activities.

These licensing powers are not taxing powers, but are power to charge fees for services.

The Bill provides for the grant of trade licenses by the County Government of Migori to conduct businesses in the county in accordance with powers mentioned above in Part 2 of the Fourth Schedule of the Constitution.

The enactment of this Bill into law does not occasion additional expenditure of public funds.

Dated the 14th October, 2022.

CALEB ONGELE,
Chairperson, Finance Committee.
